[REDACTED] one of his own constituents. [REDACTED] last salary was \$13,770. which, of course, puts him at approximately the GS-16 level. He appreciates that there is little chance for acquiring a super grade anywhere. However, his interest is in a GS-15 but he will consider a GS-14 administrative position.

2. I indicated to [REDACTED] that we were not presently bringing many senior people on board, however, I would have his qualifications reviewed and he would be advised of the outcome by mail. No forms were given.
